Chartered 17th May 1950

Volume No. 70 – Issue No. 18, 17 October 2019

Our Programme for this Meeting

Speaker: PP Bob Seiffert OAM

Topic: My Story – Part Two

Chair: Marie Hardwick

VERY IMPORTANT NOTICE

The following Rotarians, partners and friends are rostered for the Farmers Market and BBQ on 20th October:
Grahame Gordon, Geoff Pritchard, John Wright, Geoff Raukawa, Alan Muller, Trish Anderson, Upali DeSilva, Nina DeSilva, Luke Provis, Greg Waterland, Scott Reid, Rob Stewart, Kevin Wallis, Chris Sayers, Roger Oates, Angela Cecil.

Please check the roster for your time slot/duty and if unavailable arrange a replacement.

Our guest speaker this week, recognizing Mental Health Week was Cameron Oates and our Chair was Roger Oates. I am sure all our members are aware of the challenging 12 months the Oates family has experienced following the loss of their son/brother Troy as a result of mental health issues. You can only imagine how hard it must have been for father and brother to present.

President's Report:

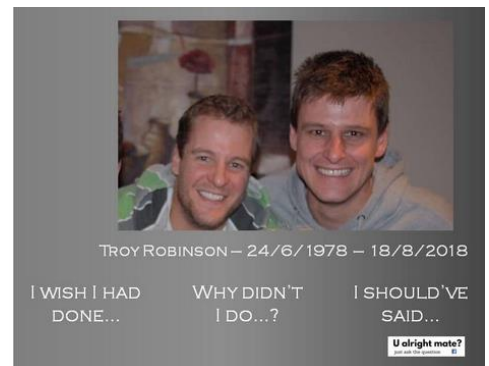

Well, another terrific week in Rotary.

DID I DO ALL I COULD?

COULD I HAVE DONE MORE?

WHAT IF I HAD DONE...?

IF ONLY I COULD TURN BACK TIME!

Well, what a courageous presentation it was. As expected there were some elements of emotion as Cameron described the lead up to Troy's loss. Cameron handled it all extremely well (as did Roger). His presenting skills are exceptional. He spoke with great passion and had the room mesmerized.

Cameron pointed out that his subject is very emotional for everyone and not only those directly impacted. He suggested the best way to deal with this was with statistics. Data he presented included; 800,000 people worldwide die each year as a result of suicide. For everyone who dies, there have been many, many attempts prior (often more than 20). So you can see we are dealing with an epidemic.

It is admirable that the “Oates Clan” has responded to this adversity by converting the negative energy generated by tragedy into action. They are in the process of forming a foundation called “U Alright Mate” to assist those dealing with mental health issues and to educate everyone into identifying those at risk and then providing support. On behalf on the Club I would like to express our admiration to the Oates family for taking these steps to impact this epidemic and offer our support to ensure their success.

Now that spring is here and most of our members have returned from warmer and sunnier places, it is time that we turned our

attention to membership. We need to increase our member numbers. Our promotion where members bring along guests and the club covers the dinner fees for their first meeting is still current. So I would like to ask all members to have a think about anyone you know who is a prospective member and to invite them along to a meeting with a complimentary meal. Could you also inform our Membership Director Chris Sayers so he can record details and offer these prospective members a membership pack to help them understand what being a member of RCF is all about? We would also like to target the senior members of the following organizations

- Frankston Council
- Peninsula/Monash Health
- South East Water
- Chisholm Institute
- Monash University
- School Principals and staff members
- Doctors
- Pharmacists
- Legal Profession

Please give spend some time thinking about these organization’s and identify any contacts you might have and then give the details to Chris Sayers or any other members of the Membership Growth Strategy Committee (Ken Rowe, Grahame Gordon, Peter McKenzie, Marie Hardwick, Kevin Wallace, Geoff Pledge, Wayne Gillan).

We had two visitors from the Rotary Club of Noble Park/Keysborough; President Peter Behm and Treasurer Donna Parker. It was great to have them along and they were very impressed by our Sergeant session and also our focus around social activities. We also had Alan Brown from Thailand along for his final visit this year, prior to returning home to Thailand. He expects to be back around March so we look forward to him visiting us again.

Sergeant Barry once again did an amazing performance where he performed to the tune (and video) of Joe Dolci and “Shuduppa Your Face”. He had a very entertaining “side kick” in Chris Sayers! Barry will be away next week and Robin Stewart will be stepping into the role. We will miss you Barry and are hoping that your mission to Sydney will include the

sourcing of additional material for future Sergeant Sessions!
 We have a busy weekend coming up with the Neil Diamond Tribute Show (Friday Night) and Pets Day Out on Sunday. Please make sure you have a terrific week incorporating heaps and heaps of fun.

Cheers
 Wayne

About Frankston

The Frankston and Hastings Shire Hall was opened October 1914 by the Shire President Thomas Ritchie it was located in Somerville

The Rugged Outdoor Woman

During her physical examination, a doctor asked a retired woman about her physical activity level.

The woman said she spent 3 days a week, every week in the outdoors and yesterday afternoon was typical.

"I took a five hour walk about 7 miles through some pretty rough terrain. I waded along the edge of a lake, pushed my way through 2 miles of brambles, got sand in my shoes and my eyes, barely avoided stepping on a snake, climbed several rocky hills, went to the bathroom behind some big trees, ran away from an irate mother bear, and then was chased by an angry bull Elk."

"Mental stress of it all left me shattered. At the end of it all I drank a scotch and three glasses of wine."

Amazed by the story, the doctor said, "You must be one hell of an outdoor woman!"

"No," the woman replied, "I'm just a really, really shitty golfer."

Any concerns or questions to Ken Rowe.

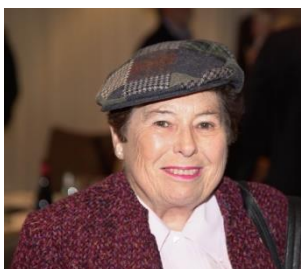

PS** We also need to plan and book for our Weekend and Week Away in 2020-2021.

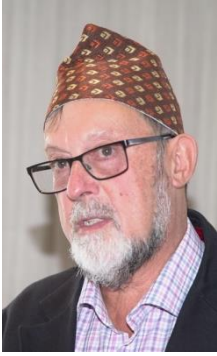

The destination has to be close for the weekend and not too hot for the weekend away.

This year we are using 17 cabins at Seymour - so that limits our options, especially as some places are too expensive.

Any ideas ? Please let me know.

LAST WEEK WAS HAT NIGHT.

SOME COMMUNITY NEWS

Local2Community

Graham Bryans, Ken and Sue Rowe joined me in visiting a new charity that opened in the Pines over the weekend. We met with the principal Rebecca Olver at the site of 'local2community' 52 Mahogany Avenue Frankston North. Its located amid the main shopping square just up from the IGA store on the corner.

You can visit their Facebook site 'local2community' or google same to gain further insight. The Facebook site carries two video clips that are worth a view.

The Charity is aimed to care for those with special needs and the disadvantaged. Its a Quality seconds store, Foodbank, Small Community Cafe creating a welcoming community space for locals and surrounding areas.

There is some ground work to be done in the backyard of the premises, plus a new shed, some fence repair and preparing a suitable area for an outdoor cafe to compliment the inside cafe setting.

They have a storeroom about 75% filled with essential packaged and canned foods to donate to those who are in need; there is also an interview room to assess each request for assistance.

The clothing, bric-a-brac, books, dinner and tableware racks, tables and wall panels have space for further quality items. Rebecca is going to forward an itemised request which we can then cost and assess in respect of any considered donation or man power requirement.

In the meantime if you are thinking of clearing some clothing or items suitable for this charity please let me know and you can either bring it the meeting, drop it into the store or we can arrange to have it picked up.

DOWN'S ESTATE COMMUNITY PROJECT

President Wayne and I visited Down's Estate Community Project on Saturday morning at 190 Old Wells Road Seaford virtually opposite the Seaford Motor Cross and Motorcycle track.

The principals we met John McKenzie and Maureen Griffin took us through the various plans and vision they have.

There may well be an opportunity for a project to be involved with in time, again a summary will be forwarded to us.

What is significant right now is the success to date of their community garden. All the quality greens you can think of are grown, along with corn, garlic, strawberries etc...In time they would like to have a stall at our Farmers Market (how good would that be in promoting local produce). We believe there is an opportunity for us to join in on this project with the community garden. If you want to be involved each Saturday they have a working bee from 9am to midday planting and nurturing the garden (there expert advice is always on hand).

I invite you to visit/google the site Down's Estate Community Project to gain further information. If you do visit let them know you are from our Club, be assured they will look after you.

Cheers
Charles.
